

Jack Bouba

Front-End Web Developer

2906 SE Clinton Street Apt A, Portland, OR 97202
971-275-2715 | jackbouba@gmail.com | www.jackbouba.com

Objective

To use technology and both sides of my brain to improve my community. To help foster intelligence, creativity, and delight in myself and others.

Experience

Planet Argon – Front-end Developer

August 2011 – Present

Hand-coded HTML/CSS/JS for large Ruby on Rails web applications.

Created curriculum and taught the Modern Web Dev Workshop, a day dedicated to innovative front-end technologies including Bootstrap, Sass, Jekyll, and GitHub.

Guided the effort to provide pro-bono web assessments to local non-profits.

ITT Tech – Web Design Instructor

June 2010 – June 2011

Taught HTML/CSS, the fundamentals of web design, and Flash.

Updated class curriculum by integrating accessibility topics, the principles of semantic coding, and modern layout techniques.

Emphasized contemporary design and the students' aesthetic development.

Education

Portland Community College

2009 – 2010

Multimedia Certificate

Massachusetts College of Art

2000 – 2004

Bachelor of Fine Arts
